Recommending Mona Dabah Albakar

Dear colleague -

I hope this finds you well.

I'm writing to you to strongly endorse Mona Dabah Albakar for a role as a Full Stack Developer.

We know Mona as a smart, open-minded, curious and committed young professional who brings passion and grit to her work as a Full Stack Engineer. Our team of Tech & HR professionals has pressure-tested her skills and character over the last months in a series of 1:1 mentoring chats. Here are the results.

Mona is an outstanding Senior Full Stack Engineer who ranks in the top 5% of our peer group.

English skills	**Strong** – validated in multiple rounds of 1:1 interviews
Engineering skills	**Strong** – on par with our best Fellows
Intercultural skills	**In progress** - being coached in our program
Blue Card readiness	**Check Anabin Database** – will be guided by us in the visa process

Our team describes Mona as "smart, ambitious and reliable". I very much encourage you to invite her for an interview. She will make a great addition to your team. Reach out at johann@joinimagine.org in case of any questions.

Warm regards & herzliche Grüße -

Dr. Johann Daniel Harnoss
Founder & CEO

Imagine Foundation e.V. | Talent is universal, opportunity is not.

We are a community of Tech & HR professionals who believe in the power of diversity. We coach hundreds of engineers each year and connect our most promising Fellows with leading firms in Europe. Want to learn more? We've placed 50+ Fellows in the last 12 months. Meet them here
